OFFICE OF STRATEGIC SERVICES
WASHINGTON 25, D. C.

19 October 1945

To: Mr. R. H. Barnes
From: Div. Dep., Personnel & Services, SI

I am returning to you the list of civilian personnel,
both vouchered and unvouchered, ^{and military} in SI Branch as of 28 September 1945.
This list has been corrected as of 19 October 1945.

You will recall that you also sent back to me the list of
civilian personnel as prepared by Civilian Personnel Branch. I have
made pencil notations on this list insofar as the personnel assigned
to SI Branch is concerned. I have been informed by Civilian Personnel
Branch that they are sending to you a revised list in view of the fact
that their previous list was so far out of date.

After you receive the new list from CPB, if there are still
discrepancies please let me know and we will try to straighten them
out.

C.E.F.
Charles E. Ford

TO: Colonel Edward Gamble,
Liquidating Officer, SSU.

DATE: 30 November 1945.

FROM: Charles E. Ford,
Divisional Deputy, Personnel & Services, SI.

SUBJECT: Total SI Personnel Charged to Continental U.S. T/O as of
30 November 1945.

I. After a careful study and check of the SI Branch personnel records today it is indicated that the following numbers of personnel are presently charged to Continental U.S. T/O of SI Branch:

Army Officers	14
Army EM	12
Navy Officers	6
Navy EM	4
Marine Officers	1
Unvouchered Funds	26
Vouchered Funds	64
Total	127

The above figures take into account all actions that are being processed through date of 30 November 1945 regarding terminations of SI Branch personnel. One possible exception might be the case of Major Felix Pasqualino. SI Branch is presently attempting to determine whether Major Pasqualino can be assigned to the Personnel Branch Pool today. In the event we are able to process an 802b form on him the total figure of the SI Branch will be reduced to 126.

It should be pointed out that the numbers of personnel listed above do not include civilian personnel who have resigned or been terminated during the month of November 1945 who may have annual leave sufficient to carry them on the SSU rolls during the month of December 1945. Also the numbers shown above exclude all military personnel on whom SI Branch has submitted forms 802b to PB Branch through the date of 30 November 1945.

II. For your information during the month of December 1945 it is anticipated that the above total figure of 127 will be affected as follows:

W97

Total 30 November 1945.	127
Add: Effective 1 Dec. 1945, Transfer of MO personnel to SI.	<u>8</u>
Balance	135
Less: Personnel anticipated to leave SI Branch during month of Dec. 1945.	<u>22</u>
Balance	113
Add: Necessary replacements for personnel leaving SI Branch during month of December 1945.	<u>9</u>
Balance	122
Add: Personnel anticipated to be transferred from SO to SI.	<u>4</u>
Anticipated number on duty 1 January 1946.	126

As can be seen by the schedule directly above it is anticipated that as of 1 January 1946, SI Branch will have personnel totaling 126. It should be noted that the transfer of eight MO personnel to SI Branch is to be effective 1 December 1945 and for your information the appropriate actions are in process to effect these transfers. Insofar as the personnel of SD Branch is concerned there has been no final decision made as to the names of the individuals who may be transferred to SI Branch; however, according to present plans the number of such personnel will not exceed four.

III. This report is made in an attempt to clarify the current personnel status of the SI Branch. It is my understanding from Colonel Richard Farr that his records in the liquidation of SI Branch personnel do not reflect the same totals as have been indicated in paragraph 1 of this memorandum. According to his records as of this morning, SI Branch was still well over its allotted number of 126 positions. I believe the discrepancy between the records of Colonel Farr and those of SI Branch lies in the fact that SI Branch has processed a large number of termination actions during the last week. As a result it is my opinion that the

-3-

tained in Hq. & Hq. Detachment and also in civilian personnel
a not been brought up-to-date. This is entirely understandable
f the number of channels through which termination papers must
used with a resultant time lag in the accurate figures being re-
Colonel Farr.

IV. Attached hereto for your information is a chart indicating
numbers of SI Branch personnel in the various theaters as of 30
cor 1945, and these figures are obtained directly from the branch
ds.
